

Letter of Reference

Date: 17/08/2022

Baltec IES Pty Ltd confirms that IDD Solution was engaged to provide their professional service in scope of:

- Quality control activities on Exhaust System insulation installation
- Welding Inspection Works
- Site supervision

IDD solution has provided suitably skilled personnel that fulfilled assigned tasks and applied to required regulations regarding quality, welding and HSE rules during erection phase of the Silencer Exhaust Stack components installed in Stockholm Exergi AB Power Plant in Sweden.

Baltec IES Pty Ltd recognizes valuable contribution IDD Solution made to our Project and the successful completion of the works.
